

Bonaparte Crime Legion

3 times FBI operators hung up on me for making a criminal complaint against police officers for the crimes of armed robbery, home invasion, and witness intimidation involving a murder. I called the FBI today on 4-6-2022 at 9:24 AM. The operator told me to get an attorney to sue the police and hung up. The FBI was literally created by the Bonapartes. I have contacted the State Police 2 times, the FBI three times now, filed a complaint with the DOJ, and contacted the District Attorney office and they all refuse to look at my physical evidence. So either I am committing a crime and making a false criminal complaint or they are 100% fake and refuse to do their tax funded obligation.
